Who Are We !

MISSION STATEMENT

Our mission is to create a special paradise for every client which will define their exact desire.

S|P ARCH & DESIGN is a Mumbai based residential as well as commercial Interior Design Studio founded by Ar. Saili Mestry and Id. Pari Patil in 2023. Using our knowledge and expertise, we thoroughly evaluate every property, discuss the client's preferred design ideas and then provide detailed design and graphics so you can visualize your dream home / office.

We create designs that add on value to client's home/office. Our interior designs do not cost- they earn! We perceive every job both as an opportunity and an obligation.

Our Team

Design(B.Voc.)
Graduated from Thakur College Of
Architecture & Planning.
Knowledge in providing creative &
personalized interior space according to
specifications and functionality.

OUR INTERIOR DESIGN PHILOSOPHY

- Your interior spaces should reflect you and your lifestyle.
- We respect your budget and customize solutions that work within it.
- Our personal involvement will be thorough, providing you with an in-depth understanding of our process and design work.
- We believe that constant attention to detail from our first conceptual effort to the final installation of furniture is essential to ensuring your satisfaction.

PROJECT GOALS

Vision

- To convey the sense of passion we feel about our design and our clients through our work each day.

Mission

- To translate the client's ideas and the professional holistic vision in a renovated space combining aesthetics, comfort and Practicality.

Goal

- Lead, organize, and motivate the renovation team and ensure the project gets done on time and in accordance with the client's unique specifications.

Project Stages

Initial Client Brief

Discussing clients desires and needs .
Ask questions and explore how they envision the look and feel of the finished product.

Site Survey

Analysis on Clients existing space.
Survey are even completed during the initial client briefing .

Pointers to be performed during site survey:

- Explore every nook and cranny of the space.
- Take lots of picture.
- Measure everything.
- Ask for a copy of as-built drawings

Conceptual Development

Measurements noted, you can start transforming raw ideas into something a little more refined.

Finding things which can meet your clients need :

- Features, Finishes, Furniture, Colors, mood board, etc.

Sketching

Turning ideas into Drawings .
Digital Floor plans &3D models.

Design with a proposal and a rough estimate.

Design Development

After approval of proposal and preliminary design,

The sketching stage heads towards design development.

Design Development stage includes:

- Layout, Elevation
- Finishes , Fabrics
- Furniture
- Colors
- Lighting ,Decor
- Appliances

Construction Documentation

Two main stages in Construction Documentation :

- Construction Drawing Set (Plans)
- Specifications

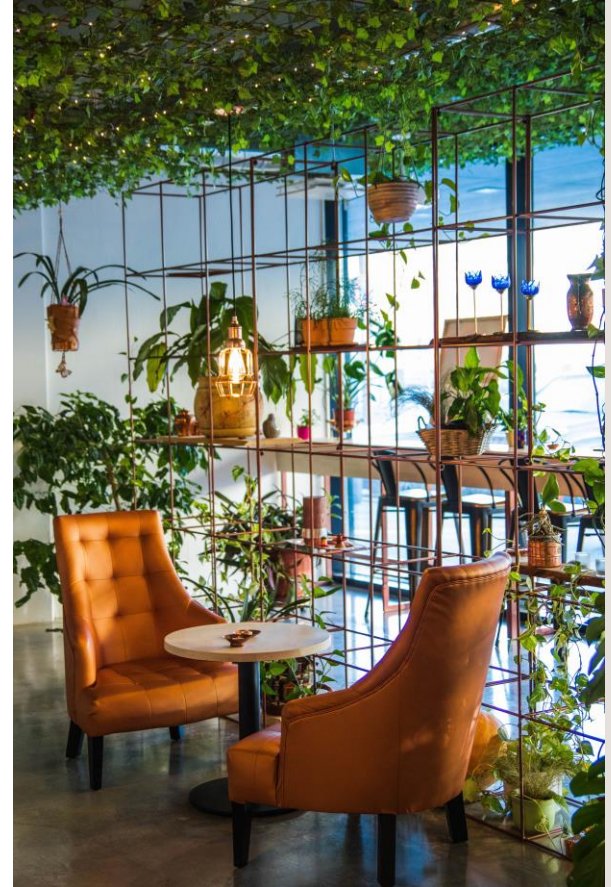

Construction & Inspection

Everything is in order:

- Contractors are ready.
- Materials are Ordered.

Main responsibility during the construction & Inspect .
